Dear Akshay G,

Thank you for submitting your manuscripts to 2nd International Conference on Information Technology and Artificial Intelligence (ITAI 2026) to be held on March 21-22, 2026 Organized by Lasell University, Newton, Massachusetts, United States in Association with Soft Computing Research Society in Hybrid Mode. Proceedings of ITAI 2026 will be published in the SCOPUS-indexed Springer Book Series, "Lecture Notes in Networks and Systems".

ITAI 2026 Chairs reviewed every submitted paper and look at several factors before processing it to the next level, i.e., sending the manuscript for review. Some of these factors are, for example,

- Similarity (Plagiarism) and AI-generated content
- Conformity with the conference's scope and aim
- Noncompliance with the author's guidelines (Specifically the Springer template),
- Inappropriate research design (A paper must have Introduction, Literature Review, Methods, Results, and Discussion),
- Lack of originality, etc.

Please note that your manuscript is not under consideration for further review in ITAI 2026. You can submit your revised paper to some other venue with improvement for publication. A few SCRS Sponsored conferences may be considered:
